Sustainability data | Company data | Technical data

Basis 2023

COMPANY DATA

Company	Styrian family business with currently around 230 employees and sales of 1.7 million m ² (as of 2023)	
Production	Multi-layer parquet in accordance with EN 13489 in three product series WOOD flor NOVOLOC® 5G, MULTI flor.11 NOVOLOC® 5G and BILA flor®.	
Product versions	Numerous types of wood, surface treatments as well as dimensions, structures and installation patterns as two or multi-layer parquet.	

SUSTAINABILITY DATA

EU-Ecolabel	SCHEUCHER is the first parquet manufacturer to meet the high requirements of the EU-ECOLABEL UZ035 flooring.	
Environmental Product Declaration	Our EPD no. EPD-SCP-20150324-EN, created in accordance with ISO 14025 and EN 15804, is published by IBU Germany and proves our sustainability in figures.	
LCA data for building certifications	The EPD lists the aggregated data for phases A1-A3 („cradle to gate“) C3 and D4, also available on BAUBOOK.at	
TÜV ProfiCert Interior	The TÜV PROFICert certificate annually confirms that our products with the lowest emissions meet all European requirements.	
EUTR conformity	Scheucher fulfills all requirements of the European Timber Regulation and hereby confirms that no illegally logged wood is purchased or processed.	
DUE DILLIGENCE test Purchasing	Scheucher has commissioned the renowned institute „Global traceability solutions“ with the due diligence audit in the area of Timber Legality Risk Assessment.	
FSC-CoC-Zertifikat	We have an FSC Chain of Custody certificate (HFA-CoC-100057), which confirms our separation of certified and non-certified wood.	
LEED Compliant	The LEED v4 specification for VOC emissions and FORMALDEHYD emissions from the USA (CDPH) is currently twice as strict as European limits.	
UKCA Compliant	Scheucher parquet may be marketed in Great Britain. The UKCA corresponds to a CE declaration and is mandatory in the UK.	

CE labeling	The CE marking confirms compliance with the European minimum standards and is a prerequisite for placing this product on the market.	
TSCA Title VI compliant	We only use TSCA Title VI compliant plywood for the plywood end pieces (< 2 % by volume) compliant plywood and thus fulfill the CARB requirement in USA/Canada.	
FEP REALWOOD Program	Scheucher is a founding member of the FEP REALWOOD Program, with which products made of real wood are awarded.	
FEP REFINISHABLE CERTIFICATE	The FEP REAL WOOD REFINISHABLE CERTIFICATE confirms that our wear layer is suitable for repeated renovation through sanding and repairs.	
30-year warranty	Scheucher grants a 30-year functional guarantee in the private sector (5 years in the public sector), please refer to our guarantee conditions.	

WOODflor NOVOLOC® 5G
Multilayerparquet
14mm total thickness
3.6mm wear layer
NOVOLOC® 5G connection

MULTIfloor.11 NOVOLOC® 5G
Multilayerparquet
11 mm total thickness
3.6mm wear layer
NOVOLOC® 5G connection
TONGUE/GROOVE connection

BILAfloor
2-layer parquet
11 mm total thickness
3.6mm wear layer
TONGUE/GROOVE connection

PRODUCT DATA

Surface treatment	Purely oxidative oiled/waxed (SEDA) or UV lacquered (TENSEO / PUROTEC)	Surface treatment Structures and haptics	Sanded-sharp-edged, Valletta - brushed with bevel, Toskana - scraped, Valsega - band-sawn and brushed, 4-sided bevel
   			
Connection	NOVOLOC®-5G Click connection or Tongue/Groove-Connection	Sliding class	Depending on surface R9 or R10
Free from formaldehyde	Scheucher parquet does not contain any carcinogenic, biocidal or PCP-containing substances and is classified as formaldehyde-free!	Fire behavior	C _{fi} -s1 fully glued down, otherwise D _{fi} -s1
Load class TENSEO, PUROTEC	Highest class C according to ÖNORM C2354	Load class SEDA	Suitability for commercial use, as deep impregnated
Underfloor heating system	Yes, suitable at 30-65% relative humidity	Floor air conditioning	Yes, suitable. At least 25 °C surface temperature!
